IMPORTANT NOTICE TO FILERS

All documents filed with respect to your section 64 request, including the applicable registered private surface agreement, must be placed on the public record. In submitting this form and registering a section 64 request, you acknowledge that any information submitted will be placed on the public record. If a private surface agreement contains personal information that you are not authorized to disclose or do not want disclosed by the Alberta Energy Regulator, you should not submit the private surface agreement for registration.
