**CONOCOPHILLIPS CANADA RESOURCES CORP.  
APPLICATION FOR A WELL LICENCE  
WESTEROSE SOUTH FIELD**

**Decision 2005-014  
Application No. 1360426**

**1 DECISION**

Having considered the application, the Alberta Energy and Utilities Board (EUB/Board) hereby approves Application No. 1360426.

**2 INTRODUCTION**

**2.1 Application**

ConocoPhillips Canada Resources Corp. (ConocoPhillips) applied to the EUB, pursuant to Section 2.020 of the *Oil and Gas Conservation Regulations*, for a licence to drill a vertical well from a surface location at Legal Subdivision (LSD) 15 of Section 24, Township 44, Range 3, West of the 5th Meridian. The proposed well would be located approximately 20 kilometres north of Rimbey, Alberta. The maximum hydrogen sulphide (H<sub>2</sub>S) concentration of the well would be 0.00 moles per kilomole (0 per cent). The purpose of the well would be to obtain gas production from the Scollard Formation.

**2.2 Intervention**

Kevin and Gabriela Hopper (the interveners) are the landowners of the northeast quarter of Section 24-44-3W5M. The interveners filed an objection to the application in September 2004.

**3 DISCUSSION**

ConocoPhillips and the interveners engaged in the EUB's Appropriate Dispute Resolution (ADR) program. On February 11, 2005, a signed withdrawal of objection from the interveners was received by the EUB. There were no other objections submitted to the EUB and therefore a hearing date was not set.

Dated in Calgary, Alberta, on February 25, 2005.
