Attention: Mr. Jeff Moore

Dear Sir:

**Re: Grand Rapids Pipeline GP Ltd. (Grand Rapids)
Grand Rapids Pipeline Project (Project)
Decision 2014 ABAER 012 (Decision)
Condition Compliance – Condition 10 re: Ms. Mitchell's Lands**

Condition 10 of the Decision states that:

Grand Rapids must consult with M. Mitchell to develop a plan to address her concerns regarding fencing and access across the ROW to the east side of her pasture during construction and her concerns about water ponding. Grand Rapids must submit the results of this consultation with Ms. Mitchell and the final construction and reclamation plan that addresses Ms. Mitchell's concerns to the AER at least 14 days before beginning construction on her lands located in NE 32-058-20W4M. If Grand Rapids is unable to reach a mutually agreed to plan with Ms. Mitchell, it must submit its efforts to do so, and all proposed mitigation plans it has presented to Ms. Mitchell to address her concerns. Upon review the panel may require that further work occurs prior to commencing construction on Ms. Mitchell's lands.

Grand Rapids confirms that in accordance with Decision Condition 10, it has engaged in consultation with Ms. Mitchell. Grand Rapids and Ms. Mitchell participated in AER ADR on February 4, 2015. Through the ADR and in subsequent discussions with Ms. Mitchell and her counsel, Grand Rapids has entered into an agreement as attached that addresses Ms. Mitchell's concerns regarding the following:

1. fencing and access across the right-of-way to the east side of Ms. Mitchell's pasture during construction; and
2. concerns about water ponding.

In conclusion, Grand Rapids respectfully requests that the AER acknowledge compliance with Condition 10 of the Decision. Should the AER require additional information with respect to this compliance filing, please contact the undersigned at (403) 920-3771 or Paige Dodd at (587) 933-3573 or email paige_dodd@transcanada.com.

Yours truly,
