Subject: Water Quality Monitoring and Fish Salvage Plans – Grand Rapids Pipeline Project

Dear Mr. Losos,

CH2M HILL Energy Canada, Ltd. was retained by Grand Rapids Pipeline GP Ltd. (Grand Rapids) to prepare water quality monitoring and fish salvage plans for the Grand Rapids Pipeline Project (spreads 1 and 3A, 3B and 4, as well as 5 to 8). The purpose of these plans is to provide details on the conditions for determining if water quality monitoring is required, water quality monitoring methods, fish salvage methods, and reporting protocols.

All water quality monitoring plans were prepared by Qualified Aquatic Environment Specialists in good standing as Professional Biologists with the Alberta Society of Professional Biologists.

Should you have any questions with respect to this letter, please do not hesitate to contact me by telephone at (403) 265-2885 or via email ([dave.evans@ch2m.com](mailto:dave.evans@ch2m.com)).

Regards,  
CH2M HILL Energy Canada, Ltd.
