

ACTION PLAN FOR EUB DECISION 2005-067

OMERS ENERGY INC. (OMERS) APPLICATION FOR A WELL LICENCE AND ASSOCIATED PIPELINE AND BATTERY WARWICK FIELD

	ACTION ITEM	REQUIRED ACTION/COMMENTS	REFERENCE: D 2005-067	EUB PROCESS TO ENSURE FOLLOW-UP	STATUS & EVIDENCE
1	Construction and operation of a single well gas battery.	Application number 1385507, for a facility licence, will only be approved for the purpose of constructing and operating a single well gas battery.	P. 7, S. 4.3, Paragraph 4	Licence was issued for the purpose of constructing and operating a single well gas battery.	<i>Complete.</i>
2	Water well testing.	The Board directs OMERS to test the Grykuliaks' water well before and after drilling the 4-33 well. OMERS is required to use the water well testing program as agreed to by both parties and entered into evidence as part of the hearing. OMERS must provide copies of the resulting data to the Grykuliaks.	P. 8, S. 4.3, Paragraph 7	The EUB will request OMERS to provide a copy of the water well testing once it is complete.	<i>Complete.</i> Water well tests submitted on May 11, 2006.
3	Construction of access road.	OMERS shall construct the access road to the 4-33 well site as a high-grade gravel road using normal grade three-quarter-inch construction gravel.	P. 7, S. 4.3, Paragraph 2	OMERS will contact the Wainwright Field Office after they have constructed the access road. EUB staff will then inspect the site for compliance.	<i>Complete.</i> Inspection of the site conducted on October 22, 2006.
