LLB 1990 University of Alberta
BSc (Chemical Engineering) 1987 University of Calgary

Experience and Training

In addition to my experience as a mediator in hundreds of disputes, I have a Master of Laws degree with a major in Dispute Resolution from the University of Technology, Sydney, Australia.

I am a member of ADR Canada and the ADR Institute of Alberta and a Fellow of the Chartered Institute of Arbitrators in London, an internationally-recognized dispute resolution organization. I am listed in the 2013 - 2015 editions of Best Lawyers in Canada in Alternative Dispute Resolution. I am listed as a Canadian Litigation Star in Arbitration and Energy/Resources (2014 - 2015) by Benchmark Canada.

Over the nearly 25 years I have practiced as a litigation lawyer in Calgary, I have developed extensive expertise and experience in disputes involving the oil and gas and resources industries. I have a degree in engineering which allows me to understand those industries from a technical perspective, as well as a legal one. I also have a great deal of experience with various boards and tribunals including the Alberta Energy Regulator and its predecessors.
