Dear Mr. Krauss:

**EMERGENCY RESPONSE PLAN (ERP) TIE-IN APPROVAL
SHELL WATERTON 68 TIE-IN PIPELINE
PIPELINE LOCATION: 10-01-006-03W5M to 06-12-006-03W5M
PIPELINE LICENCE NO.: 23800-98
ERP REFERENCE NO: 2219**

The above tie-in ERP was received by the Alberta Energy Regulator (AER) Emergency Preparedness and Audit Section (EPA) on April 30, 2012, and has been reviewed. The information meets current requirements and is hereby approved in accordance with AER *Directive 071: Emergency Preparedness and Response Requirements for the Petroleum Industry, 2008 edition*.

Please note that Shell Canada Limited is required to meet the Approval Conditions 2) and 3) of the Decision Report 2013 ABERCB 009 prior to start-up of pipeline operations.

As outlined in *Directive 071* the licensee must:

- Distribute copies to the government department and agencies listed in Appendix 5 within 10 business days after approval.
- Ensure that all required plan holders (Appendix 6) have a copy of the approved supplemental information and a copy of the current sour operations ERP.
- Ensure supplemental information to a current sour production facility ERP and a copy of the sour production facility ERP on-site.
- Keep ERP current and to distribute changes in information that are instrumental to implementing the ERP to all required plan holders.
