

ALBERTA ENERGY REGULATOR

Calgary Alberta

**ENCANA CORPORATION
APPLICATIONS FOR PIPELINES
AND A COMPRESSOR STATION
ELMWORTH FIELD****2013 ABAER 016
Applications No. 1739837, 1739838, 1739882,
1739884, 1751089, and 1753756**

DECISION

[1] The Alberta Energy Regulator (AER) has received a signed withdrawal of statement of concern from the intervener and therefore cancelled the public hearing. The applications will be referred from the hearing panel to AER staff for further review and disposition.

APPLICATIONS

[2] Encana Corporation (Encana) applied to the AER for amendments to pipeline licences and for approvals to construct and operate pipelines with hydrogen sulphide (H₂S) content ranging from 0 per cent to 10 per cent. EnCana also applied for a licence to construct and operate an associated 7296 kilowatt gas compressor station at 8 per cent H₂S content.

[3] A statement of concern on the applications was filed by Joe Bourbeau.

DISCUSSION

[4] The AER issued a Notice of Hearing on August 1, 2013, with submission dates of September 9, 2013, for Mr. Bourbeau, and September 20, 2013, for the response submission from Encana.

[5] The applicant engaged in the AER's Alternative Dispute Resolution program with the intervener. The process resulted in an agreement between parties, and on August 21, 2013, the AER received a signed withdrawal of the intervener's statement of concern.

[6] Accordingly, a public hearing will not be held.

Dated in Calgary, Alberta, on September 3, 2013.
