**Re: Grand Rapids Pipeline GP Ltd. (Grand Rapids)
Grand Rapids Pipeline Project (Project)
Decision 2014 ABAER 012 (Decision)
Condition Compliance – Condition 8 re: McLeod Services and Contracting Ltd.
(McLeod Services)**

Dear Sir:

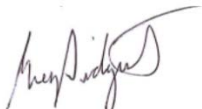

Condition 8 of the Decision states that:

In the absence of any other agreement between Grand Rapids and McLeod Services & Contracting Ltd. regarding the width of the ROW on their lands, Grand Rapids must limit the width of its permanent ROW to 24 m on NE 5-065-19W4M

Grand Rapids confirms that in accordance with Condition 8 of the Decision, in the absence of an agreement, Grand Rapids has reduced the permanent Right of Way width through the McLeod Services land to 24 m. Through ongoing consultation with McLeod Services it has been determined that compensation is the only remaining issue. McLeod Services has been advised that compensation issues will be addressed through the Surface Rights Board. Grand Rapids respectfully requests that the Alberta Energy Regulator (“AER”) acknowledge compliance with Condition 8 of the Decision.

Should the AER require additional information with respect to this compliance filing, please contact Paige Dodd at (587) 933-3573 or by email at paige_dodd@transcanada.com

Sincerely,

Greg Bridgewater
Project Director, Grand Rapids Pipeline Project
Grand Rapids Pipeline GP Ltd.

cc. Shairoze Damji (GRP regulatory counsel)
