

**2015 ABAER 003**

**Ember Resources Inc.  
Application for a Common Carrier Order  
Horseshoe Canyon Coal Fairway Pool  
Application No. 1811400**

**Decision**

[1] Having received a withdrawal of Application No. 1811400, the Alberta Energy Regulator (AER) hereby closes the application and cancels the public hearing.

[2] Ember Resources Inc. (Ember) applied under section 48 of the *Oil and Gas Conservation Act* for an order declaring AltaGas Processing Partnership to be a common carrier of gas produced from the Horseshoe Canyon Coal Fairway Pool through a network of existing gas gathering pipelines located within Townships 28–30, Ranges 26–27, West of the 4th Meridian. Ember requested that the common carrier order be effective as of the date of the application (October 28, 2014) and that the AER direct the delivery points as outlined in the application.

[3] The AER was scheduled to hold a public hearing in Calgary, Alberta, on June 16, 2015, before hearing commissioners B. T. McManus, Q.C. (presiding), C. Macken, and R. C. McManus, M.E.Des. The hearing was adjourned on June 2, 2015, as Ember advised the AER that the parties were in discussions about a commercial arrangement that, if acceptable, precluded the need for the application.

[4] On June 8, 2015, Ember notified the AER that the parties had come to an agreement and it was withdrawing the application.

[5] The AER accepts the withdrawal of the application and cancels the public hearing.

Dated in Calgary, Alberta, on June 10, 2015.
