**Re: Request to Participate
InPlay Oil Corp. Proceeding ID 367**

Dear Mr. Evaskevich:

On July 31, 2018, the AER issued a notice of hearing explaining how to file a request to participate in the hearing of InPlay Oil Corp.'s applications 1903071, 1903493, 157592, and 15763. On August 14, 2018, the AER received a request to participate/statement of concern sent on your behalf from Ms. Kelsey Lewis, Surface Land Administrator, Yangarra Resources Ltd. I wrote to you on behalf of the hearing panel (the panel) requesting further clarification regarding the request. Ms. Lewis answered by email to my letter on August 24, 2018. Hearing Services also had telephone contact with Ms. Lewis later that day confirming the response deadline and that my letter also requested a map of your proposed alternate site location. Hearing Services did not receive the requested map.

InPlay Oil Corp. did not take a position regarding your participation request.

Section 34(3) of the *Responsible Energy Development Act* states that: "...a person who may be directly and adversely affected by the application is entitled to be heard at the hearing". The panel finds, based upon the information before it at this time excluding the aforementioned map, that you may be directly and adversely affected by the above noted applications in your personal capacity as an owner of land adjacent to the location of the proposed development.

Subject to further directions or rulings, the panel grants you full participation as a landowner at the hearing.

In addition to the above, the panel confirms that it is considering a prehearing meeting with all parties to discuss potential hearing issues, location and dates. Hearing Services will advise further once all participation decisions have been made.

Sincerely,

Tammy Turner
Hearing Coordinator, Hearing Services
