

Statement of Concern About an Energy Resource Project

Use this form to **concisely** outline your concerns about specific applications currently under review by the Alberta Energy Regulator (AER). For more information, see the statement of concern webpage on aer.ca. Operational complaints about existing activities should be directed to the nearest AER field centre. A list of field centres is provided on aer.ca under [Contact Us](#).

The AER encourages all parties to resolve issues directly between themselves whenever possible. If a dispute cannot be resolved, parties are encouraged to contact the AER’s Alternative Dispute Resolution team at ADR@aer.ca.

Please outline your concerns in the following section (*this information is required*)

You may attach documentation in support of your summary of concerns (e.g., maps, reports). Please note that the AER may ask you for an executive summary of a supporting document if it exceeds 20 pages.

1. Concisely describe the following:

- The nature of your concerns with the application.
- How you will be **directly** and **adversely** affected by the application.

2. Please indicate the outcome you seek (i.e. what you propose the AER should do with the application in light of your concerns).

In accordance with section 49 of the *Alberta Energy Regulator Rules of Practice*, all documents filed in respect of a proceeding must be placed on the public record. However, any party may apply for confidentiality of information under section 49. The regulator may consider a request for confidentiality on any terms it considers appropriate, subject to the *Freedom of Information and Protection of Privacy Act*. A request for confidentiality must be copied to other parties in the proceeding.

Authorization and proof of submission: I/We hereby understand that as part of regular AER business practices this statement of concern will be forwarded to the company and other interested parties and will become part of a public record.
