

Long-Term Gas Removal Application (page 2)

5. Term of permit

Existing term and commencement date (if applicable) _____

Proposed term and commencement date _____

If the proposed term is greater than 15 years, attach a discussion describing how the circumstances relating to the sales contract involved could be considered as special ones that would justify the requested term, including an indication as to whether the proposed gas removals could proceed under a 15-year permit and, if not, why not.

6. Name of proposed market(s), and the location and type of end-use customer(s) to be served under the permit

7. Are arrangements in place for transporting the applied-for gas from the Alberta receipt point(s) to the intended end-use customer(s)?

Yes No

If No, describe the transportation arrangements involved, including comments on when you anticipate that any new facilities to be built would be completed.

Long-Term Gas Removal Application (page 4)

10. Attach a table in the required format (described in *Directive 065: Resources Applications for Conventional Oil and Gas Reservoirs*) of the lands/zones that would supply the permit or amended permit, including
- the legal description of all the lands involved,
 - the zone or zones under the applicant's control for the lands in question, and
 - the working interest ownership under the applicant's control for the lands/zones.
11. Attach a summary of the total gas reserves volume associated with the lands serving the proposed permit, together with a list of all commitments that would be served by the reserves portfolio involved, including the proposed permit and other permits (specify the number of each existing permit, as well as remaining authorized commitment), intra-Alberta commitments (such as industrial, commercial, or residential contracts or corporate warranties to other companies), and any other commitments.

Total gas reserves volume associated with the lands serving the proposed permit: _____ m³

Commitments to be served by the reserves portfolio involved:

Permit No. or other commitment (describe)	T	otal volume of commitment (m ³)

Reporting Requirements Associated with a Gas Removal Permit

A monthly gas removal permit statement must be completed for each permit and filed electronically with the ERCB by midnight on the 28th day of the month following the data month. The data month is the month when the gas is delivered. If the 28th is not a business day, the deadline falls on the next business day. The form must be completed and filed for each permit even if no gas has been removed. Detailed reporting instructions are set out in *Bulletin 2006-42: Gas Removal Data System Compliance Process*, available on the ERCB Web site www.ercb.ca. Questions on reporting may be directed to the ERCB Economics Group at 403-297-5836.
